L3200/L3800

FEATURES

Live Continuous-running PTO & 3-point Hitch*

The L3200/L3800 HST models and the L3800 gear-drive model include a live, continuous-running rear PTO for easier operation. The HST models also feature an over-running clutch on the PTO shaft to protect the transmission. Finally, a stationary PTO feature enables the use of various implements, such as pumps.

*Telescopic stabilizer is optional.

Conveniently Located PTO Lever

To further enhance access and entry/exit, the PTO lever is located on the right side of the operator's seat (HST models), or to the right side of the deck center cover (gear-drive models).

Wet-disc Brakes

Responsive and smooth, our long-life wet-disc brakes are immersed in oil, and require only the slightest foot pressure to activate.

Roll-Over Protective Structure (ROPS)

For maximum protection, all models come with foldable ROPS as a standard feature.

Cup/Mug Holder

This convenient holder securely fits a cup or a mug so you can always quench your thirst.
